Discussion

Notified Denise Onyskiw that the 371/374 Project are planning to remove the CAMS from the effluent stacks of Buildings 371 and 374. There is no regulator driver for CAMs in the effluent stacks. The CAMs were installed many years ago at the request of either DOE or CDPHE but now there is no person in these organizations to notify. CDPHE and DOE agreed that this contact record is sufficient notification.
